

Asharra Brady

ASSOCIATE DESIGNER

B.S. Interior Design, Kendall College of Art and Design
Designing since 2018 | Joined KSI 2021

Asharra comes to KSI with a Bachelors Degree in Interior Design from Kendall College of Art and Design. She previously worked for Home Depot as a kitchen and bath designer for three years where she worked with a range of clients including contractors, builders, and residential customers.

Asharra always knew she had a deep passion for the residential side of design; however, when she entered the kitchen and bath industry out of college, she did not expect to fall in love with kitchen design as much as she did. After several years in the industry, she's confident this is where she wants to be!

While a beautiful design is important, Asharra believes connecting with her clients and being dependable are equally important. Asharra is always willing to go the extra mile for her clients; whether that means finding a creative design solution or connecting with her clients on a personal level – she wants her client to know that their project is in good hands from start to finish!

Outside of work, Asharra continues to pursue art. Whether it's coloring, drawing, painting, scrapbooking, helping her grandma with various projects, or picking out fabrics for her grandma's quilts, art has always been a steady constant over the years. When she's not doing something artistic, you can often find her spending time with her two Australian Shepherd dogs.
