

Chelsey Miller

ASSOCIATE DESIGNER

B.A. Retail and Fashion Management, Art Institute of Charleston

Designing since 2014 | Joined KSI 2021

Chelsey has worked in the retail industry throughout her career. Chelsey began her career at a home improvement store where she became a manager in training. During her time there, she thoroughly enjoyed one department in particular – the cabinetry department! Her love for kitchens and baths sparked her interest in design and the rest is history. She was a designer there for seven years before she decided to join KSI Kitchen & Bath.

Chelsey is a firm believer that most clients come to a consultation with a good idea of how they want their space to function and look, even if they themselves do not know it yet. Chelsey brings a level of confidence to each consultation, knowing she can help them hone their ideas and introduce functional concepts that fit into the aesthetic they are trying to achieve.

Outside of design, Chelsey's interests and hobbies are broad. She enjoys photography, reading, playing chess and anything true crime to name a few.
