Jennifer Rankin

DESIGN CONSULTANT

AABAS Washtenaw Community College

University of Michigan, Flint

Licensed Residential Builder

Designing since 2015 | Joined KSI 2020

Jen started in the business at Merillat Cabinetry as a Builder Sales Consultant, where she provided pricing and support for builder clients. After mastering the builder process, she became a Design Sales Team Supervisor and then quickly moved to Merillat Builder Sales Representative where she really found what she loves.

“Starting with an idea and bringing it to life with functionality and beauty is my passion,” says Jennifer. “I have experience working with a wide range of builders, and believe communication is the key to success. That’s why I make sure to communicate every step of the process.”

When she’s not working, Jennifer enjoys hanging out with family, camping, traveling, and renovating houses.
