Sarah's passion for interior design led her to pursue the field as a major in college. Starting out as a design assistant while in school, she took her first job as a kitchen and bath designer in 2020. Sarah joined KSI's Toledo Design Center in 2023, delighting clients with her passion for design and collaboration. "The kitchen is the heart of the home," says Sarah, "and I love infusing it with a client's personality to create a dream space."

Sarah loves travel and the outdoors – hiking, camping, kayaking, yoga, pilates, and anything involving live music. While as an interior designer she helps homeowners realize their dream kitchens, she also contents that some of the best cooking is done over a campfire!
