Stan Kowal

DESIGN CONSULTANT

B.S.B.A. Adrian College

Designing since 1981 | Joined KSI 1987

With decades of design experience in his resume, Stan is the go-to expert when it comes to helping builders deliver outstanding spaces for their homeowners. Well versed in a variety of design styles, he is able to achieve the aesthetics that capture the attention of today’s homebuyers while staying true to the architectural style of the master plan.

Combining function with style is important to Stan and he stays current with the breadth of product innovations in the market. This enables Stan to develop design and product solutions that work for the unique needs of the homebuyer’s lifestyle.

Well known in the builder community, Stan is sought after for his design and project management expertise in Residential, Commercial and multi-family projects. He is dedicated to providing his builders and their clients with an outstanding experience from concept to completion, paying close attention to details and quality.

When Stan takes time to relax and recharge, he can be found hunting, fishing or working on vintage cars.
