MONICA MCGUIGAN

Design Consultant

DESIGN CENTER: BUILDER SALES
GENESEE COUNTY
SHIAWASSEE COUNTY

DESIGNING SINCE: 2013

DEGREE(S): B.A.A, INTERIOR DESIGN,
CENTRAL MICHIGAN UNIVERSITY

Monica's success as a designer comes from her ability to connect with and get to know her clients personally. "Every client has different needs and expectations. The ultimate success of any design is driven by how well we collaborate. My goal is to ensure the finished space reflects my client's personality and functions for their lifestyle."

A versatile designer, Monica has the expertise to handle any size remodeling or new construction project. She specializes in luxury design and space planning, creating exceptional spaces for both builder clients and individual homeowners. She is adept at synthesizing the latest products, design trends and technology into timeless designs. "When designing for spaces like the kitchen and bath, my clients depend on me to ensure the style and function remain fresh and relevant for years to come."

When it comes to creating unique spaces, Monica dives deep into the details. "I love looking for innovative ways to apply materials, color and textures in ways that make a space stand out." She loves the technical side of design as much as the artistic elements, taking full advantage of the breadth of modifications that our product lines offer. "A lot of inspiration can be found exploring the spec books and understanding the flexibility of various products. It allows me to create something truly special for my clients and solve some of their toughest design challenges."

YOUR HOME.
BY DESIGN.
FOR LIFE.
